May 2021

The first official drive of the season was the Apple Blossom Run - which quickly turned into a 'Peach Blossom Run' since the Adams County apple trees were not yet in full bloom. A nice turnout for the first outing and a good day regardless! **Photo by Rich Roenigk*

A Few Words From Our President ~ Rich Roenigk

As the weather becomes a bit more agreeable, we are trying to schedule events. Check the calendar closely and decide which events you would like to take part in.

A recent article about Morgan cars touted a use for the surplus wood used in their construction. The ash shavings are being used to make gin! It's called Morgan x Piston Gin, Worchester, U.K. If Triumph would have used leftovers to make something; it wouldn't be anything as sophisticated as distilled spirits ... more like a rugged beer. Crankcase Brew, Transmission Tea or Differential Suds come to mind. If they had done that and put a case in the boot of every car sold ... they would've still gone outta business!

I appreciate the members sharing their stories on projects - It gives the rest of us hope! It would be great to see many of them on the road this summer.

Another note to keep in mind: TRA was to be held in Lexington, KY; but was cancelled again this year. Next year, it will be held in our backyard - GETTYSBURG.

The Mason - Dixon Club is the host and I offered our Club to help out with the event. You will not find a nicer group of early side screen cars that are still the way they came from the factory and are, in some cases, better. This is a good time to check out their website at:

www.triumphregister.com and consider joining. They are a great group and very friendly, with an average of only 60 cars or so showing up.

Stay Safe, Keep Calm and Motor On!
